Who We Are

Welcome to Montessori for Everyone! We have been providing high-quality, reasonably priced materials to the Montessori community since 2005. Our founder, Lori Bourne, is certified in Montessori Elementary 6-9 and has over 15 years of experience as a classroom teacher and homeschooler.

About Our Materials

All of our items are available in the PDF file format only. They are either emailed to you or mailed on a CD-ROM if you purchase one of the CD-ROM Collections. Shipping is included in the cost of the CD-ROMs, even for international orders. PDFs have no shipping charge.

For complete descriptions and pictures of every item we sell, please visit our website at www.montessoriforeveryone.com.

Our Commitment to the Montessori Community

We are committed to providing teachers and parents with free materials and helpful information about the Montessori method. Please visit our website to take advantage of free downloads, articles, interviews, and blog posts. Questions? Please email us at montessoriforeveryone@gmail.com.

With Gratitude,

Lori and Bruce Bourne

<p>Geometry</p> <p>Take a piece of paper and fold it in half, at the top of one half, put "Triangle" and at the top of the other half put "Circle".</p> <p>See how many of each you can get!</p>	<p>Geometry</p> <p>The word "geometry" means "to measure the earth". Find out what the earth's circumference is.</p> <p>Who was the first person to calculate it correctly? How did they figure it out?</p>
<p>Geometry</p> <p>Use a stick box or pencil eraser to construct the following quadrilaterals: parallelogram, rhombus, and rectangle.</p> <p>Draw them on graph paper and label them.</p>	<p>Geometry</p> <p>Look around you and see how many shapes you can identify in your classroom. A table might be a square or a circle. A sponge is usually a rectangle.</p> <p>Make a list of all the shapes you see.</p>
<p>Geometry</p> <p>With a compass, make a circle whose radius is three inches. Mark the center with an 'x'. Draw a radius in blue, a chord in orange, the diameter in green, and the circumference in red. Label each part of the circle.</p>	<p>Geometry</p> <p>Use shapes from the Geometric Cabinet for tracing. If you do not have them you can make a variety of shapes out of stiff cardboard. Trace your shapes in different colors, overlapping to create different patterns.</p> <p>Make a frame for your work.</p>
