

Montessori for Everyone

Price List

Primary Training Center Collection	\$50 per download
Elementary Training Center Collection	\$110 per download

Minimum 10 downloads purchased at a time.

Frequently Asked Questions

Q. How much of a discount do training centers receive on the Collections?

A. If you added up the items on the Primary Training Center Collection individually, it would total \$226. The Elementary Collection would total \$472. We are offering a steep discount (\$50 per Primary Collection; \$110 per Elementary Collection) on bulk purchases of our training downloads for training center use.

Q. Do the students receive any printed materials?

A. The students receive a download of zipped folders containing Adobe PDF files to print. They will not receive printed materials. Each student is responsible for printing, laminating, and cutting their own materials. No coloring by hand is needed and materials contain full cutting lines for students to follow.

Q. Do we buy new downloads every year?

A. Yes, each year you would purchase a download for each incoming student. This would be comparable to buying or printing/copying materials for each student each year.

Q. Who can use the downloads?

A. Each student can use their Training Collection for personal use only. They cannot be shared with anyone else. If a school has paid for the training, the school can purchase a school license from us if they would like to be able to use the CD-ROM for other classrooms. The school license is \$50 for the Primary Collection and \$100 for the Elementary Collection.

Q. What if the students would like additional materials that you offer?

A. Students are welcome to purchase any additional materials they need from our website. Because the training center CD is so steeply discounted, we do not offer any additional discounts.

Q. How do we get the downloads?

A. After payment, we will send you a download link for your students. All students can use the same download link. This link cannot be shared outside of the training center and cannot be posted online. The links expire after one year so you will need to purchase a new link each year.

Q. Why don't the Training Collections contain all the files you sell?

A. We found during our experience with the Midwest Montessori Teacher Training Center (our pilot program) that having access to more than just the "core" materials can be distracting for the students during the training. Our Collections contain the files that are necessary to be completed during training. Students can buy additional PDF files from us directly if they desire to have more materials.
